

OH&S Policy	OHS02-5.2	
Version: 006 September 2024	Next Review: September 2025	

Smith Crane & Construction Limited, operating throughout New Zealand, with locations in Auckland, Christchurch, Queenstown and Invercargill, are in the business of Crane Hire, Civil Construction including Marine Civil and Pre-cast Manufacturing, Transportation, and Wind Energy Installation and Maintenance.

Smith Crane & Construction are committed to fulfilling our legal and other requirements in accordance with all legislated requirements. This includes duties under the Health and Safety at Work Act 2015, legislation, approved codes of practice, standards and best practice guidelines.

In meeting these duties, Smith Crane & Construction as the PCBU is committed to, as far as reasonably practicable:

- Make sure each work task can be carried out safely when using the correct methods, providing the right support, and training.
- Implement processes and systems in line with Health and Safety at Work Act 2015 and other applicable health and safety legislation, codes of practice and other requirements.
- Apply, as far as is reasonably practicable, health & safety measures that protect workers from work-related injury and illness.
- Manage the elimination of hazards and the reduction of risks.
- Continual improvement of our processes and systems through a performance evaluation process.
- Establish a participation and consultation process with our workers and other interested parties.
- Provide adequate resources for the effective management of the OH&SMS.

This OH&S Policy will be communicated within Smith Crane and Construction and made available to interested parties, as appropriate.

Tim Smith
